Acknowledgement

It's a great pleasure and moment of immense satisfaction for me to express my profound gratitude to my project guide, **Prof Shruti Gokhale** whose constant encouragement enabled me to work enthusiastically. Her timely advice, meticulous scrutiny, scholarly advice, and scientific approach have helped me to a very great extent to accomplish this task. Also, who never hesitated to sort our problems and dispel our confusion and always present to help us in the lab and arrange for the necessary requirements for the successful completion of the project.

Also, it would not have been possible without my friends who helped me and guided me through the small and big difficulties which I encountered and that too mostly at the odd times of day and night.

Lastly, I thank my family members for their constant moral support, all the faculty members and countless people who made me to delve deeper in the project to an extent.
